Dear Sirs,

The European Ramblers Association (ERA) devised a system of the 12 European Long Distance Paths across the Europe, symbolised by E1 – E12. The waymarking and the mainenance of these E-paths is practised by the ERA member organisations.

The waymarking of the E-paths is one of the objects stipulated by the ERA Constitution (see § 2.1b, the copy enclosed to this affirmation letter).

I, as the president of ERA confirm, that F.I.E. (Federazione Italiana Escursionismo) as our Italian member organisation is responsible for the waymarking and maintenance of all the E-paths in Italy. I am sure F.I.E. is the best and most competent partner for marking the missing stages of the E-paths in Italy.

Kind regards,

Lis Nielsen
ERA President
